

PAVEMENT DESIGN APPROVAL REQUEST – LPA PROJECT

Route Name or Number: _____ Local Public Agency _____

Des No.: _____ Rural/Urban Splits _____

Pavement Description: _____

Existing Sand Surface: Yes _____ No _____

Existing Underdrains: Yes _____ No _____

Adjacent Pavement Types: Before _____ After _____

Traffic Flow Conditions: _____

Design Speed: _____

Number of Through Lanes: _____

Shoulder/Curb Type: _____

Date Geotechnical Report Approved: _____

Special Geotechnical Considerations: _____

Design Data:

Construction Year _____ AADT _____

Design Year _____ AADT _____

Percent Trucks: _____

Soil Support Value: _____

Recommended Pavement Type: PCCP _____ HMA _____

Reason: _____

LCCA Completed: Yes _____ No _____

PAVEMENT DESIGN APPROVAL REQUEST – LPA PROJECT (Cont'd.)

Approved Pavement Section: _____

SUPERPAVE Data:

ESALs: _____

Registration Seal

High Temperature PG Binder: _____

Recommended By: _____ Date: _____

APPROVED: _____ Date: _____
